# Legal Notices

This Documentation, which includes embedded help systems and electronically distributed materials (hereinafter referred to as the "Documentation"), is for your informational purposes only and is subject to change or withdrawal by erwin Inc. at any time. This Documentation is proprietary information of erwin Inc. and may not be copied, transferred, reproduced, disclosed, modified or duplicated, in whole or in part, without the prior written consent of erwin Inc.

If you are a licensed user of the software product(s) addressed in the Documentation, you may print or otherwise make available a reasonable number of copies of the Documentation for internal use by you and your employees in connection with that software, provided that all erwin Inc. copyright notices and legends are affixed to each reproduced copy.

The right to print or otherwise make available copies of the Documentation is limited to the period during which the applicable license for such software remains in full force and effect. Should the license terminate for any reason, it is your responsibility to certify in writing to erwin Inc. that all copies and partial copies of the Documentation have been returned to erwin Inc. or destroyed.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, ERWIN INC. PROVIDES THIS DOCUMENTATION "AS IS" WITHOUT WARRANTY OF ANY KIND, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. IN NO EVENT WILL ERWIN INC. BE LIABLE TO YOU OR ANY THIRD PARTY FOR ANY LOSS OR DAMAGE, DIRECT OR INDIRECT, FROM THE USE OF THIS DOCUMENTATION, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOST INVESTMENT, BUSINESS INTERRUPTION, GOODWILL, OR LOST DATA, EVEN IF ERWIN INC. IS EXPRESSLY ADVISED IN ADVANCE OF THE POSSIBILITY OF SUCH LOSS OR DAMAGE.

The use of any software product referenced in the Documentation is governed by the applicable license agreement and such license agreement is not modified in any way by the terms of this notice.

The manufacturer of this Documentation is erwin Inc.

Provided with "Restricted Rights." Use, duplication or disclosure by the United States Government is subject to the restrictions set forth in FAR Sections 12.212, 52.227-14, and

52.227-19(c)(1) - (2) and DFARS Section 252.227-7014(b)(3), as applicable, or their successors.

# Contact erwin

**Understanding your Support**

Review support maintenance programs and offerings.

**Registering for Support**

Access the erwin support site and click Sign in to register for product support.

**Accessing Technical Support**

For your convenience, erwin provides easy access to "One Stop" support for erwin Data Intelligence Suite (DI Suite), and includes the following:

- Online and telephone contact information for technical assistance and customer services
- Information about user communities and forums
- Product and documentation downloads
- erwin Support policies and guidelines
- Other helpful resources appropriate for your product

**erwin Data Modeler News and Events**

Visit www.erwin.com to get up-to-date news, announcements, and events. View video demos and read up on customer success stories and articles by industry experts.

# Contents

# What's New

The latest erwin Data Intelligence Suite (DI Suite) version, v10.2, has the following new features:

Users and Roles based Accessibility

Enhanced Data Governance Framework

Conceptual Mind Map

Improved AIMatch Engine

UI and Usability Improvements

Apache Tomcat Support

The following sections explain each feature in brief. For detailed information about features, refer to the Detailed Features List.

## Users and Roles based Accessibility

erwin DI Suite now enables you to manage asset accessibility based on users and roles. You can configure access rights in bulk for users and roles at:

- Environment level in the Metadata Manager
- Project level in the Mapping Manager
- Catalog level in the Business Glossary Manager

You can also view access rights report at the enterprise level in graphical and tabular

views.

## Enhanced Data Governance Framework

erwin DI Suite now enables you to manage data governance responsibilities through Resource Manager and Business Glossary Manager. Under this, you can:

- Configure the default roles groups or create new roles groups based on the governance responsibilities.
- Assign governance responsibilities to users.
- Generate consolidated reports on governance responsibilities.

## Conceptual Mind Map

erwin DI Suite offers a conceptual view of the mind map to view associations between assets. The conceptual view is a constellation-like layout that helps you trace and analyze associations.
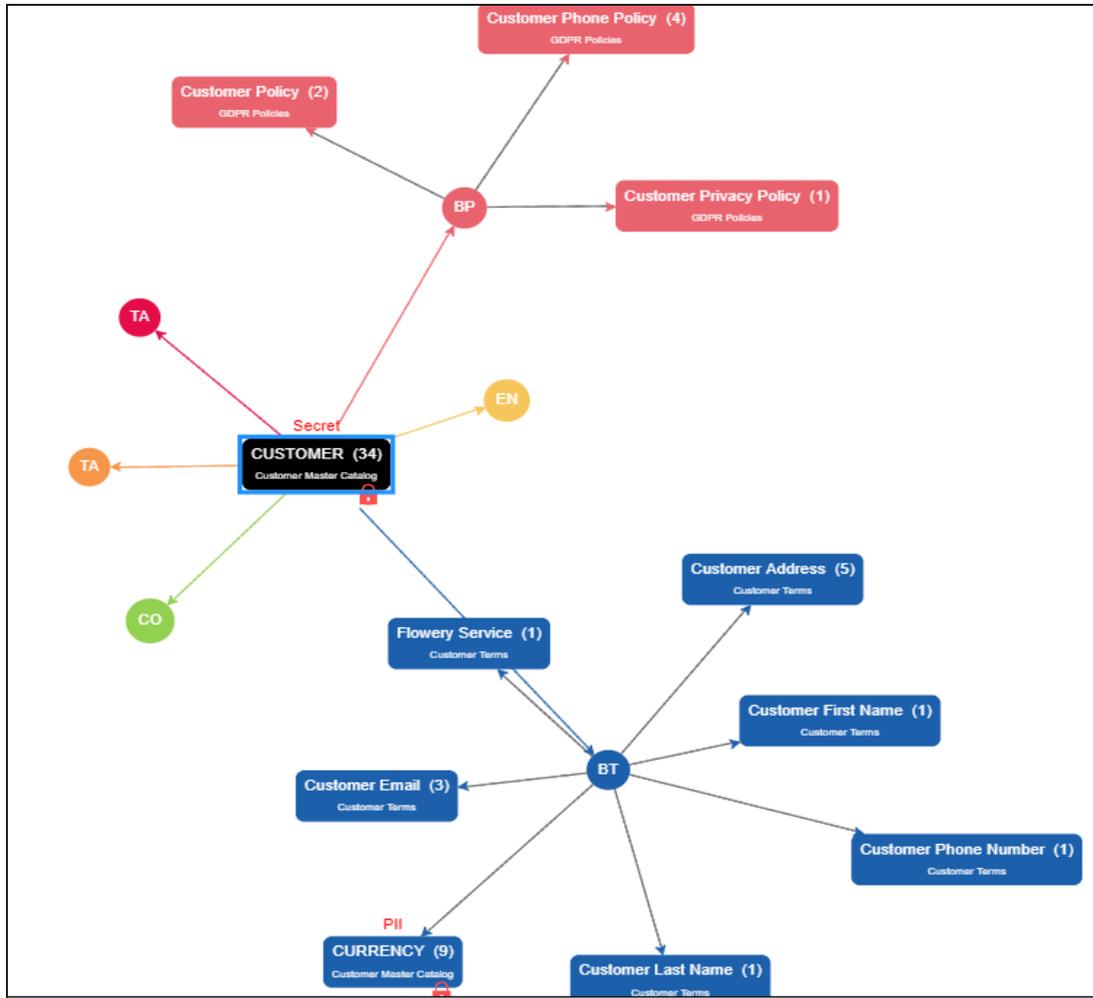

## Improved AIMatch Engine

The improved AIMatch engine now includes logical name, expanded logical name, column definition, and comments in its algorithm to provide more accurate matches. You can also use the AIMatch engine to detect and flag sensitive data.
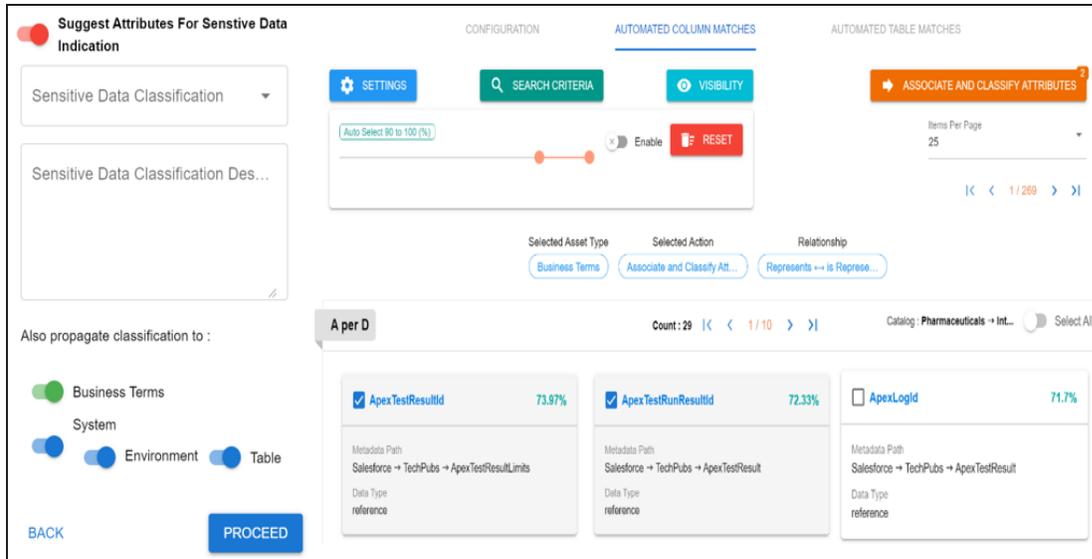

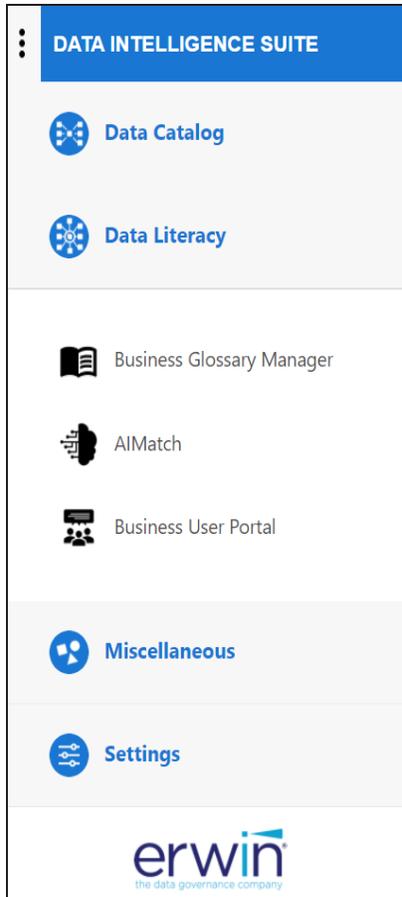

## UI and Usability Improvements

erwin DI Suite has the following UI and usability improvements:

- New Application Menu
- Enhanced Data Lineage Analyzer
- Bulk Import of Extended Properties
- Enhanced Business Glossary Manager
- Workflow Stages Accessibility
- Menu Theme

## New Application Menu

erwin DI Suite now has a new application menu to access its modules.

## Enhanced Data Lineage Analyzer

The data lineage analyzer in the Mapping Manager and Metadata Manager has been enhanced to display logical names, expanded logical names, and sensitivity classification of technical assets.
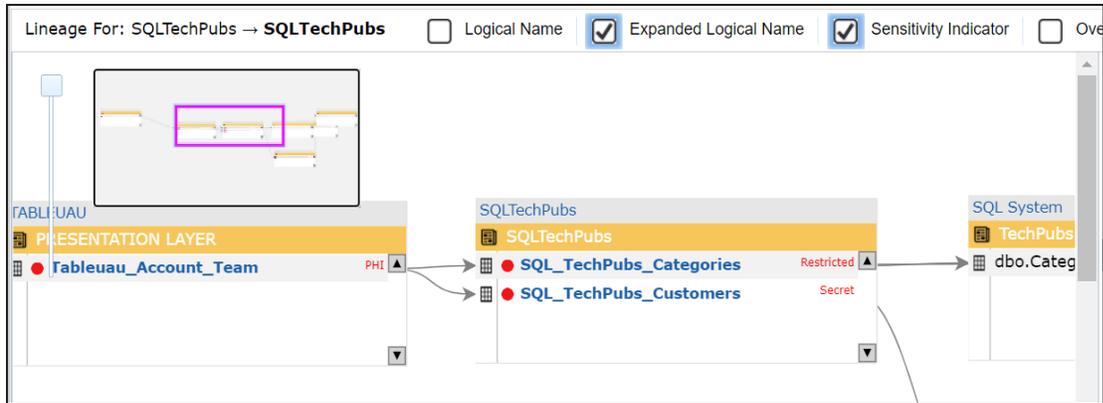

## Bulk Import of Extended Properties

You can now use the Default Connector for configuring extended properties in the Metadata Manager and Mapping Manager to import option values in bulk.

## Enhanced Business Glossary Manager

The Business Glossary Manager's UI has been completely revamped for better usability.

## Workflow Stages Accessibility

You can now access workflow stages within a business asset screen in the Business Glossary Manager. This facilitates users with relevant permissions to execute a workflow directly from the asset screen.

## Menu Theme

You can now configure a menu theme and personalize the application with your own branding, logo, and color scheme.

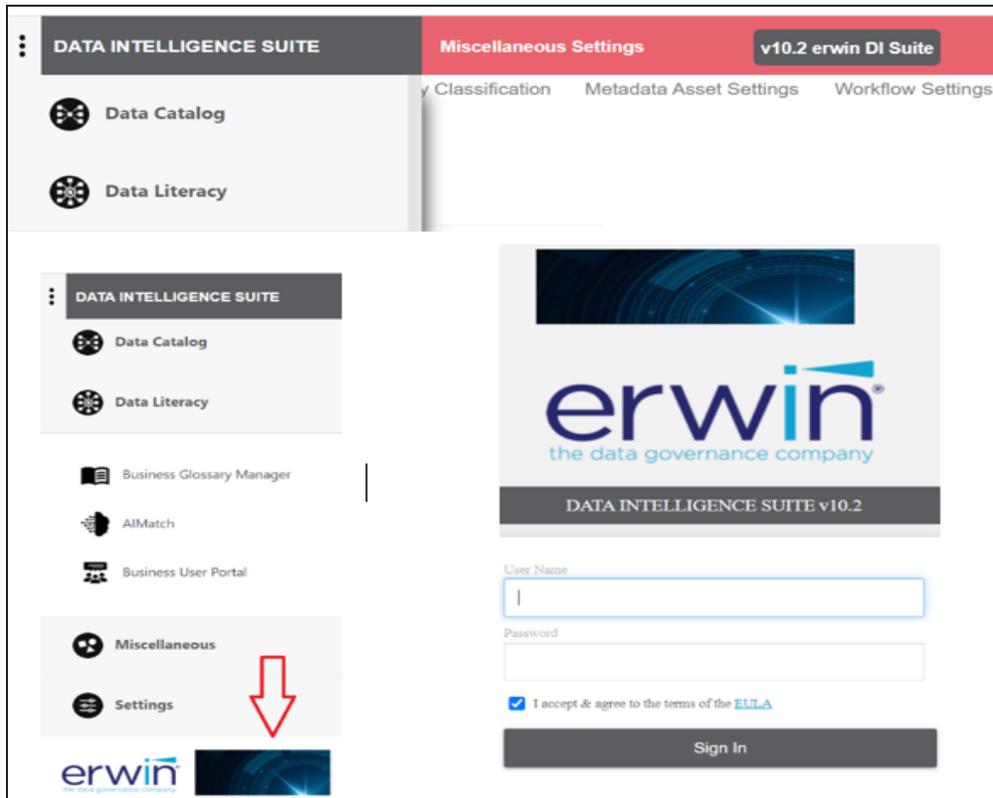

## Apache Tomcat Support

The supported Apache Tomcat version has been upgraded to v9.0.37. Also, erwin DI Suite will continue to be compatible with Apache Tomcat v8.5.35/41/51.
